

Château-Chervix, December 10, 2023

Breeder friends,

Driven by our passion for horses, we have been breeding Quarter Horses and Paint Horses for over ten years.

Nearly 35 foals were born, educated and broken by us and placed in the hands of owners who share our values.

Our passion being the education of foals, there is no question for us of breeding them to sell at weaning or of entrusting the education to other trainers.

But now, after sixty for my partner and I, it is time to limit the hazards of breaking in... This is why we decided to stop breeding and sell our broodmares and our stallions.

In the file below, we describe the characteristics of our herd. You will appreciate the origins which will make us refuse "discount" offers. For information, the foals from our breeding were sold between 6,500 and 12,000 € excluding tax between 2 and 5 years old, depending on their physical conformation, their mentality and their level of education.

But the price will not be the only criterion because we will pay attention to the destination of each horse, the experience of potential buyers and the living environment offered.

At your disposal to answer your questions and welcome you to the ranch if you wish to find out more (gites available: <https://www.openrange.fr/fr/gites.html>)

Kind regards

Jean-Pierre Leconte

ARH Blue Chex Solana	12
ARH Starla del Cielo	14

Stallions

OR Yellow Diamond.....	16
QT Lightnin Poco.....	19

ARH Magic Chic Cody

Quarter Horse broodmare born in April 2006.

We acquired Magic in 2012 from Sandra Artige, who for us is one of the best breeders in Europe. From a reining line, Magic was broken by Romuald Poard and knows the reining maneuvers even though we haven't ridden her for 5 or 6 years.

Under the saddle, Magic showed good abilities in the arena but has no outdoor experience.

She is a mare with a strong character. She is selective in her affinities with humans. He will have to gain her trust to discover a very endearing mare.

She is the largest of our broodmares but she transmits her character more than her size to her foals.

Lil Whiz Conquest

Lil, Quarter Horse born in 2006, comes from one of the most prestigious lines of our breeding. She is an excellent mother, easy to handle and who gave us exceptional foals including our OR stallion Yellow Diamond. It transmits a calm mind and impeccable physical conformation.

CP Glory Be

The sweetest and kindest of broodmares, Glory was born in 2010 in Belgium and was broken in by Romuald Poard. Like Magic, she knows all the reining maneuvers and can be ridden by riders of all levels with the required finesse.

She is a very good mother although possessive in the two weeks following foaling. She is easy to handle even if she dominates the herd.

She transmits her gentleness but also her talent to offspring who inherit a character as endearing as their mother.

ARH Blue Chex Solana

Just like Magic and Glory, Solana was born at Sandra Artige (2010). On a physical level, it is an engraving. Mentally, she's a lion who will try to impress, but if she recognizes you as herd master, she becomes a lamb with a huge heart and boundless generosity. She is a very possessive and attentive mother who produces foals that have a lot of character and great physical potential.

Solana was broken in at Open Range, comfortable at three gaits and outdoors for experienced riders.

ARH Starla del Cielo

The darling, according to François our breeding manager. Starla was born in 2012 to Sandra. She is a very endearing mare and close to humans. Broken by us, it can be ridden by riders of all levels. She transmits to her foals a powerful frame, a very gentle character and... talent!

OR Yellow Diamond

Direct son of Yellow Jersey and Lil Whiz Conquest, OR Yellow Diamond was born here in 2015. Very close to humans and easy to handle, Diamond gave us only exceptional foals. It not only transmits an impeccable physical structure, but also brings a very cool mind and a great capacity for learning. His breaking was a formality and he was very safe outdoors. However, we haven't ridden it for 3 or 4 years.

OR Yellow Diamond's foals

QT Lightnin Poco

At 22 years old, Poco is a Paint Horse who is still very vigorous and probably capable of fulfilling his role as a stallion for 4 or 5 years.

He is an exceptionally kind horse, very respectful with the mares.

He leaves a strong mark on his descendants in terms of morphology (muscles and bones) and mentality: foals close to humans with a great capacity for learning.

He is also homozygous for both genes: color (black) and spots (tobiano), which makes him a rare breeder who guarantees the typology of the foals.
